

April 4, 1988

Dear Dr. Green:

In the letter of February 18, 1988, I wrote that we require 300 cigarettes for each type of cigarette, but I have not received them yet.

So, I'd like to confirm whether the sample cigarettes will be sent to us without ordering to each supplier of the cigarettes by myself or I have to write to each supplier to send them.

If the things are in time, I'd like to change the number of cigarettes from 300 to 1000 for each type of cigarettes..

Sincerely yours,

Yoshiaki Ishizu
